

TO BUILD FACTORY

Sash and Door Plant for the Clatsop Mill.

THE MACHINERY IS ORDERED

Sash and Door Factory 60x300 feet will be erected by Clatsop Mill—Will Be Run in Connection With the Mill to Supply Eastern Demands.

R. B. Dwyer, manager of the Clatsop Mill company informed the Astorian yesterday that his company will at once begin the construction of a large sash and door factory to be operated in connection with their plant. The factory will be 60x300 feet, and contain 35 different machines, orders for which have been placed for turning out this class of work. Doors manufactured from spruce will be their specialty and for which there is a big demand. Under present conditions the spruce lumber is shipped east and manufactured into doors there. Mr. Dyer thinks this should be done here, and as soon as this plant is in operation the company will add another factory.

WILL IMPROVE MILL.

Warrenton Saw Mill Company Resume Business.

Kelly Bros., Logging company, who recently purchased the plant of the defunct Flanel Lumber and Shingle company of Warrenton, have started in to make extensive improvements on the property, and when completed will employ about 60 hands. The main building is being enlarged and new boilers will be put in, also a shingle and lat mill added.

This enterprise will put new life into Warrenton, which of late has been unfortunate with some of its industries.

GOES TO VIEW THE CELILO CANAL ROUTE

Captain Fry Will Have Direct Supervision of Construction.

Major Roessler, United States engineer, accompanied by Captain Fries of the engineer corps, who will have direct supervision of the construction work have left for Celilo to inspect the proposed route of the canal to be built between Celilo and The Dalles around the Celilo falls.

The canal as now planned will cost more than \$4,000,000 and will take two years for construction.

Smith & Jones have taken the first contract for the beginning of the work, and filed their bonds last Saturday, which have been forwarded to Washington for approval. Upon notice of approval being given they must commence actual work without delay and prosecute it with energy. This will be within 60 days, and actual work will be pushed as rapidly as possible until the canal is finished.

MONDAY IS LABOR DAY.

Next Monday will be "Labor Day," but owing to its following so closely upon the regatta it will not be very generally observed in this city. Out side of a ball in the evening there seems to be no general plan of exercises.

PETITION FILED.

F. A. and A. C. Fisher yesterday filed a petition in the auditors office asking to be allowed to use a portion of the street at the corner of Twelfth street and Franklin avenue for building purposes.

FUN AT SKAMOKAWA.

Astoria Contingent Outnumbers Home Attendance at Regatta.

Several large delegations of Astorians attended the first day of the Skamokawa regatta, going aboard the steamer Electro and the Patrol and aboard the Wenona. Admiral Charles Brown and staff were among the visitors. The regatta provided an agreeable surprise to the itinerants and all report an exceptionally good time.

FESTAL AFTERMATH

The Great Eleventh Regatta is now of the Past.

CONGRATULATIONS IN ORDER

Good History Made for the City, and to the Credit of the Committee Immunity From Crime and Accident—Is Enormous Success.

The tidal wave of pleasure upon which all Astoria and her thousands of guests have been having for the past five days, has ended, bearing away to their homes over a hundred roads, the people who honored the city with their presence and patronage, and leaving the native Astorian upon his own shores to pick up the tangled ends of business and home life with a good grace, largely amplified by the consciousness of having contributed nobly to the wants of the visitors in the way of pastime and refreshments, for all of which the pleasure-seekers gave an ungrudging quid pro quo, this leaving behind them a sense of satisfaction equalled only by that which possessed them when they departed, and in this way is the balance struck in favor of the Eleventh Annual Regatta.

There is infinite satisfaction in the knowledge, now confirmed that the Regatta Committee has ample funds to cover every obligation. That but little, if any serious contention, is afoot in the settlement of accounts or the awarding of prizes, that the work to be done in closing out the whole business of the committee is simply a matter of calculation involving an ordinary lapse of time.

The city authorities are congratulating themselves, with all reasonable justice, on the entire absence, during the recent festivities of any desperate criminal work on the part of that element that does most abound on such occasions. The police records are void in this behalf, and the four people now under detention at the municipal bastille are amenable to sentences imposed before the regatta opened. The chief and his staff of patrolmen have been busier in warding crooks away from the city, than they have had to be in handling evil-doers within it. Credit is due, and given to Police Chief Hallock and his corps for the satisfactory conditions that have prevailed.

Another source of gratification is gathered from the realism of chance, is found in the immunity from fire enjoyed during the past week. Fire chief Foster and his aids in the department have kept sharp eyes open, at all points for the suppression and precaution of fire, and in their vigilance in the premises is due to the fact that the history of this regatta season is without record of a single serious blaze.

From all points of view the city is to be congratulated heartily, and if commendation is not awarded from abroad at the instance of those who attended the regatta, then Astoria may shake her own hand, slap herself on the back, and proclaim herself a good fellow, and this, without undue pride.

Like Finding Money.

Finding health is like finding money—so think some who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At Chas. Rogers' drug store; 50c and \$1.00; guaranteed. Trial bottle free.

THE PRIVATE SECRETARY.

Fisher's Opera House was comfortably filled last night with a crowd that was apparently highly pleased with the clever presentation of "The Private Secretary," by the McCowell-Pyle company. The play is brimful of humor, with the curate Rev. Roy Spalding as center figure of all ridiculous situations. This part was thoroughly and well taken by J. B. McCowell and the merits of the play were ably presented by Messrs. Cleveland, Brooks and Pyle, and the Misses Ford and Allyn.

DEATH AT HAMMOND.

Mrs. Earnest Coffey, of Hammond, formerly Miss Kate Campbell, died yesterday afternoon after a short illness. She leaves a baby daughter three days old.

HAS NARROW ESCAPE.

Fenton Celler Almost Meets Death Beneath Horses' Hoofs.

While coasting down Eleventh street near Franklin avenue on his bicycle about 7 o'clock last night, Fenton Celler, the young son of Mr. and Mrs. Charles M. Celler had a miraculous escape from death, being run over by a wagon and team which suddenly rounded a pile of lumber at the bottom of the grade. The boy was knocked to the ground and severely, but not seriously, bruised. He was taken home and is now resting easily. The name of the driver of the wagon was not learned.

REAL ESTATE TRANSFERS

Tom Wootton to Orpha Barker, lot 8, block 120, McClures; \$2,380.
Laurent R. Funk et al to Williamette Pulp & Paper Company, 100 acres in section 18, township 6 north, range 9 west; \$800.

United States to Ford M. Carruthers, 160 acres in sections 35 and 36, township 4 north, range 8 west; patent.

SUIT FILED

William Christensen yesterday filed a suit against Steinland Bros. the Sand Island seiners for damages to the amount of \$240. The gist of the complaint is as follows: On August 24 of this year the plaintiff was engaged in fishing in the waters of the Columbia river with a gillnet, valued at \$200; that the defendants willfully, wrongfully and with force and violence cast their seine around the plaintiff's gillnet, took possession of the gillnet and have since retained it. The complaint further alleges that when the net was taken it contained salmon valued at \$40.

Good News for the Ladies

We are showing the latest

NOVELTIES

IN LADIES' NECKWEAR, TURNS, OVERS, FANCY COLLARS, Etc., In Chiffon and Braids.

NEW LINES OF BELTS ARE NOW ON DISPLAY.

Are Ready for Your Inspection.

MILLINERY

FALL STYLES ARRIVING DAILY.

In order to close out some remnants quickly, we have started a

Remnant Sale of Calico, Percales and Outing Flannels

Take advantage of this opportunity to get some bargains for house dresses, wrappers, etc.

IS PALATIAL BOAT

Steamer Spokane Will go on Portland and Frisco run.

IS HANDSOMELY APPOINTED

Steamer Columbia Arrives in From San Francisco With Many Passengers—Columbine Goes to Tillamook Rock—Notes Gathered long the Waterfront.

Steamer Spokane, the handsome Alaskan excursion boat of the Pacific Coast steamship company which is to assist in handling the heavy traffic to and from the Bay city arrived in early yesterday morning and attracted considerable attention during her short stay at the O. R. & N. dock. The Spokane is a smart looking craft. Her lines are well astern giving her a rankish appearance that is quite impressive. Internally she is lavishly furnished and she is considered the most magnificent appointed passenger craft in the coast. She will be a valuable addition to the present fleet of Portland-Frisco liners.

Columbia Arrives in.

Steamer Columbia arrived in yesterday from San Francisco with her first and second cabins taxed to their uttermost indicating that traffic between the exposition city and Frisco is not sloughing off as some are wont to believe. She carried a heavy freight cargo, a large part of which was consigned to this city.

Oil tank steamer Ascension arrived in yesterday from Southern California with a cargo of crude oil.

Lighthouse tender Columbine made a trip to Tillamook rock and back yesterday, taking a lot of supplies to the station. Captain Richardson entertained a number of ladies aboard during the run.

Steamer Acme arrived in yesterday from San Francisco to load lumber for a return voyage.

Schooner Virginia with a cargo of lumber left out yesterday for California.

Steamer Valencia is due today from the sound. She will assist in accommodating the Portland-California traffic.

Steamer Alliance arrived in last night from Coos Bay and Eureka with freight and passengers.

Pilot schooner San Jose will be replaced by the Joseph Pulitzer, while she undergoes some extensive repairs.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." Chas. Rogers, druggist, sells and guarantees them, at 50c a bottle.

DOING THEIR DUTY.

Scores of Astoria Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidney's duty. When they fail to do this, the kidneys are sick.

Backache and many kidney ills follow:

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

J. Blake, whose place of residence is 525 Market street, Portland, says: "I bought several boxes of Doan's Kidney Pills and I scarcely think if I first had not proved satisfactory that I would have tried the second and third. I have used almost everything said to be a cure for weakened kidneys and bladder, but nothing ever gave me the satisfaction I received from Doan's Kidney Pills. They are easy to take, have no effect upon the stomach or bowels and act directly on the kidneys. I thoroughly believe from the results I received and also from observation that Doan's Kidney Pills are one preparation on the market which acts directly as represented."

Emphatic endorsement can be had right here in Astoria. Drop into Chas. Rogers' drug-store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
